

**Job Title:** Senior Technologist, Regional Systems  
**Job Competition:** SW-41-2023  
**Location:** Saskatoon  
**Salary:** \$34.73 to \$43.40 (Pay Grade 9)

Immerse yourself in a team committed to creating trusted and sustainable water solutions for a vibrant Saskatchewan. A team backed by a corporation with over 60 years of experience providing water and wastewater services. That's a lot of knowledge.

But there's more. SaskWater offers an attractive benefits package including employer-funded health, dental and vision benefits, pension, and disability insurance, plus vacation leave, earned days off, and paid family leave and sick leave. At SaskWater you can take advantage of extras such as flexible work options, a tuition reimbursement program, employee family assistance plans, maternity leave top-up and more. H2Wh0a!!

Now that's refreshing! Apply today.

As the Senior Technologist, Regional Systems, you will undertake operation and maintenance work within an assigned regional water and wastewater system. The regional water and wastewater system may include SaskWater or client owned water treatment, wastewater treatment, water distribution, water transmission, wastewater collection and open canal conveyance and/or reservoir systems.

To qualify, you will have a diploma in Water Resources Engineering Technology or a similar technical discipline. Eligibility for certification as an Applied Science Technologist (A.Sc.T.) or Certified Technician (C.Tech) is required. A Valid Class 5 Driver's License is required. Where applicable, a valid Saskatchewan operator's license for the appropriate vehicle class of equipment within a district is required.

In accordance with the Water and Wastewater Operator Certification Program, certification in Water Treatment, Water Distribution, Wastewater Collection and Wastewater Treatment must at a minimum meet the facility level of certification for the district.

In addition to the above qualifications, the job requires 4 years of experience in the following areas:

- Working knowledge of water treatment, water distribution, wastewater collection and wastewater treatment and open canal conveyance and/or reservoir processes; and regional system operation and maintenance procedures including pipeline, pump, control valve and canal repair.
- Ability to establish and maintain effective working relationships with staff, outside agencies and the public and develop and maintain a positive corporate climate.

***Special Requirements:*** *The position requires the incumbent to undergo a Criminal Record Check and Drug and Alcohol test. You must be legally entitled to work in Canada. A valid Saskatchewan driver's license is required.*
